

Revision Series 2023

# OCR A-level Physical Education Paper 2

◆ Notes pages ◆

The EverLearner

## How to use this revision session and notes

- Complete this document when doing the live or on-demand revision shows.
- Have the National Mock Exam to hand and, ideally, your completed, marked version of it.
- Have the [exam infographics](#) to hand. These will be referred to throughout the show.
- Focus on the skills that James is presenting as much as the content. In most cases, students have a knowledge of the topic but struggle to respond to the command in the question. This is a focus of our revision.
- Complete the notes spaces as extensively as possible and, if necessary, return to the show to complete it more than once in order to make the fullest notes possible.

### My ticklist:

- Notes pages
- Exam infographics
- Exam paper
- Exam mark scheme
- Exam model answers

# Performer profiles

Use these performer profiles when making examples and developing your A02 skill. The list is not exhaustive and you are encouraged to use your own examples as well as these ones.

## Josh

**Basic Details**  
Age: 19  
Sport: 100m Sprint  
Level: Olympic Podium Potential

## Tom

**Basic Details**  
Age: 43  
Sport: Tennis (singles and doubles)  
Level: Novice

## Kate

**Basic Details**  
Age: 17  
Sport: Triathlon  
Level: Club

## Laura

**Basic Details**  
Age: 15  
Sport: Gymnastics (Artistic)  
Level: National

## Julie

**Basic Details**  
Age: 26  
Sport: Netball (GD, GK)  
Level: Semi-professional/National

## Carlos

**Basic Details**  
Age: 35  
Sport: Wheelchair basketball  
Level: Ex-national team

# Material covered in the National Mock Exam

- Green denotes content to be covered in this session.
- (#) denotes the number of marks on Paper 1 since 2018.

## 2.1 Skill acquisition

- Classification of skills (19)
- Types and methods of practice (12)
- Transfer of skills (10)
- Learning theories (30)
- Guidance (20)
- Feedback (16)
- Memory models (26)

## 2.2 Sports psychology

- Personality (9)
- Attitudes (10)
- Motivation (4)
- Aggression (11)
- Social facilitation (6)
- Group and team dynamics in sport (10)
- Goal setting in sports performance (6)
- Attribution (19)
- Somatic stress management (4)

# Section 1: Types and methods of practice

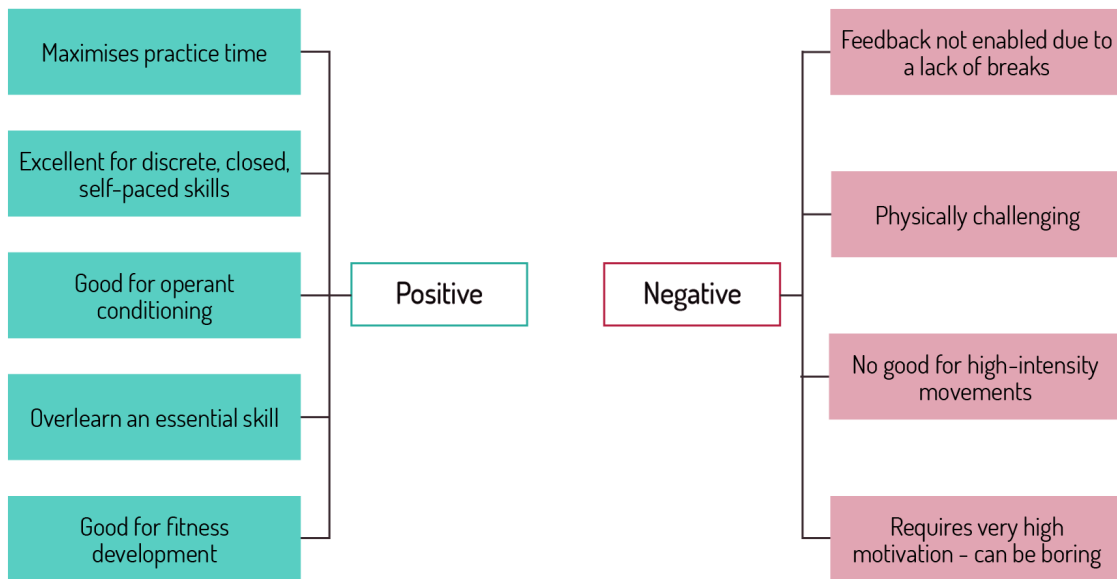

## Types and methods of practice

# Massed practice

Repeated trials of the skill with no breaks in between

Notes

---

---

---

---

---

---

---

---

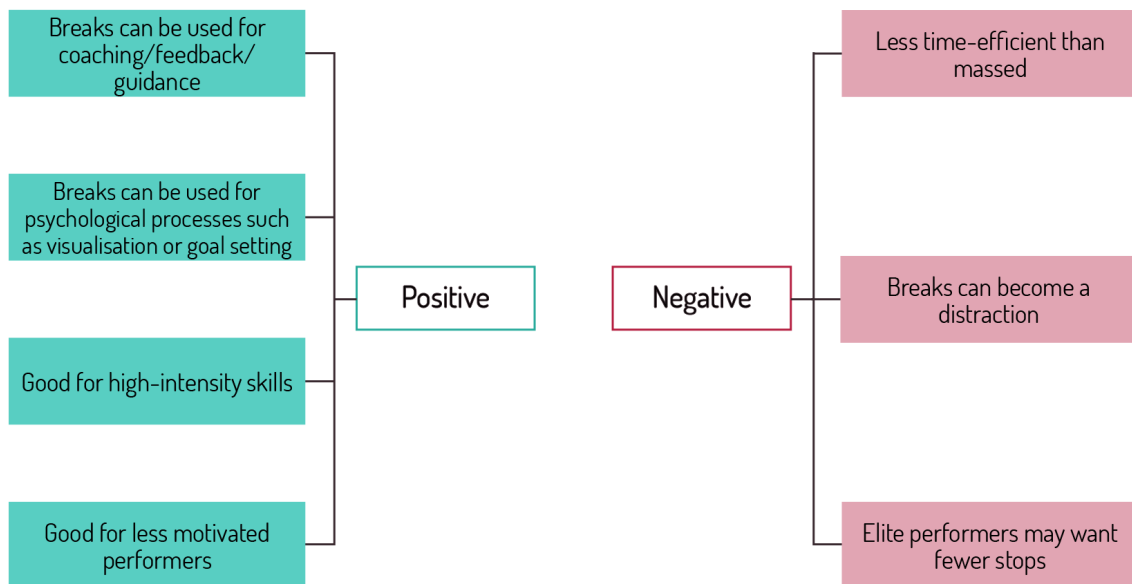

---

---

# Distributed practice

The inclusion of breaks between trials

Notes

---

---

---

---

---

---

---

---

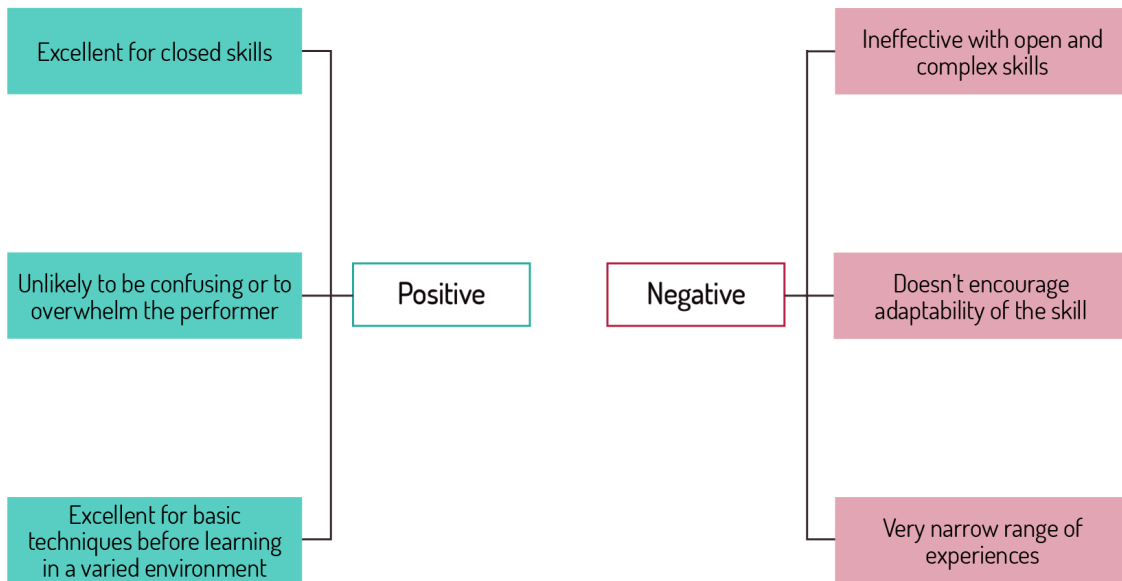

---

---

# Fixed practice

- Stable, predictable practice
- Practice conditions remain unchanging

Notes

---

---

---

---

---

---

---

---

---

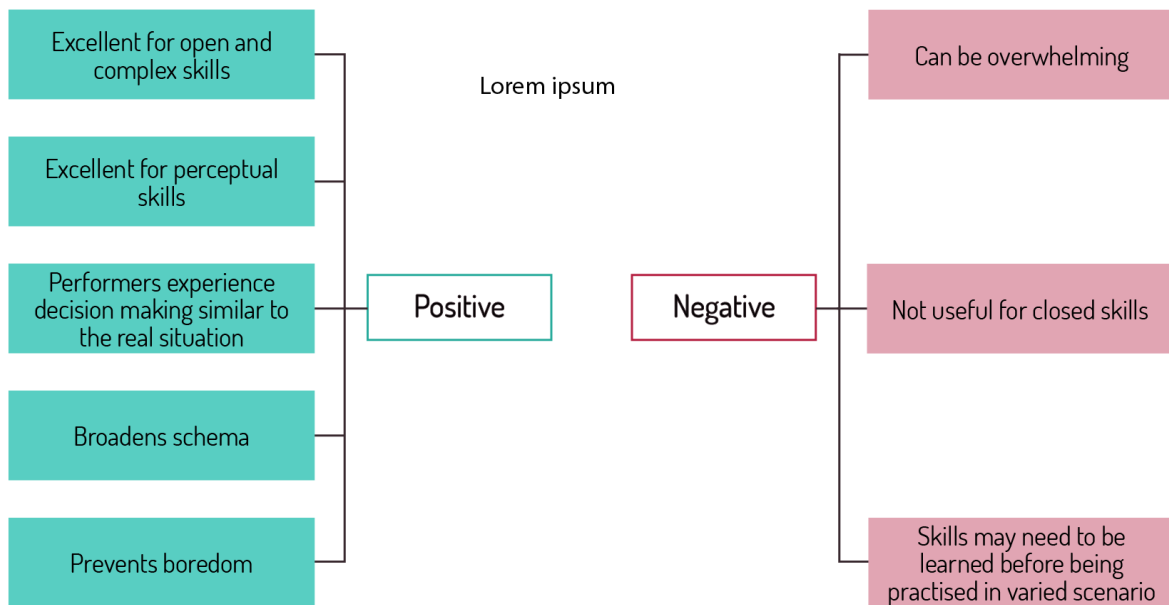

---

# Variable practice

- Skill practised in a changing environment
- Skills need to be adapted

Notes

---

---

---

---

---

---

---

---

## Section 2: Learning theories

S-R

## Reinforcement

Notes

---

---

---

---

---

---

---

---

---

---

Notes

---

---

---

---

---

---

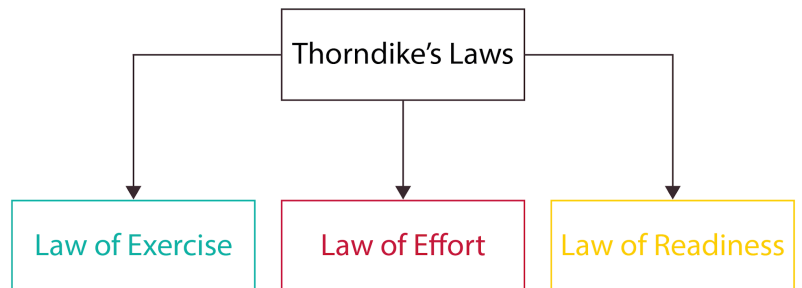

---

---

---

---

## Thorndike's Laws

1. Coach presents a problem:

"In this practice match, I want you to prevent all first-run progression to second base."

4. Performers broaden the solution:

- Schema
- Comparison
- Intervening variables
- Previous experiences

2. Performers solve the problem:

- Insight
- Perception
- Intervening variables
- Previous experiences

3. Coach introduces variation:

- Power hitters/base stealers/Left-handers

Notes

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

# Observational Learning

Notes

---

---

---

---

---

---

---

---

---

---

---

---

---

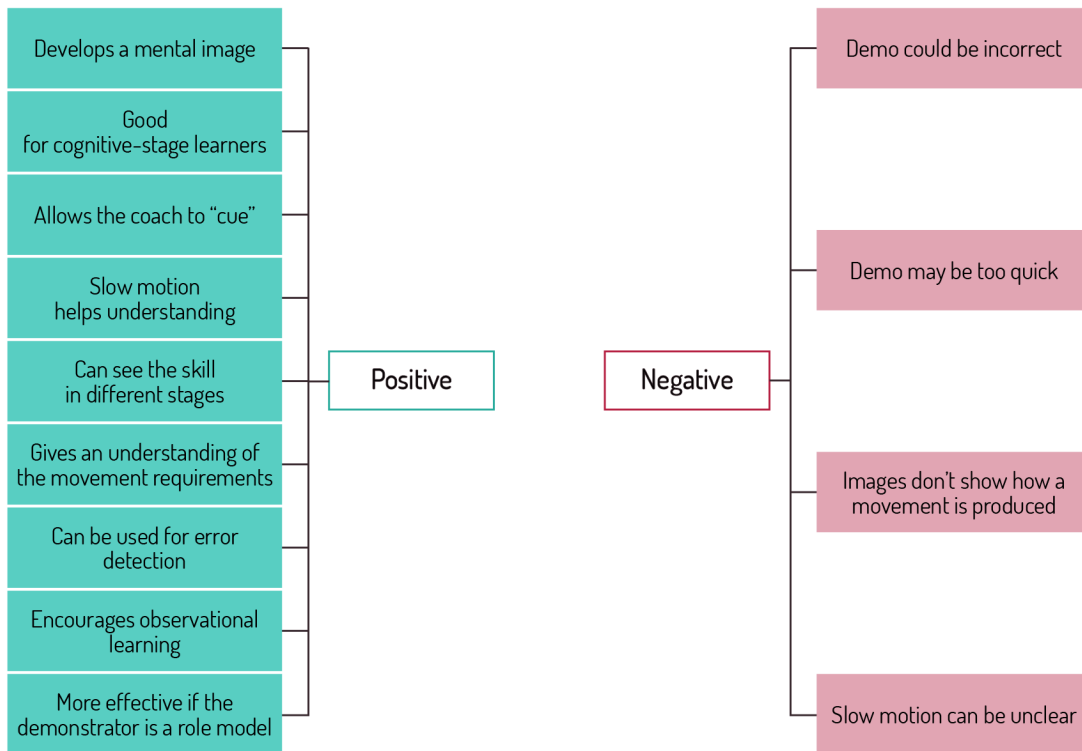

---

---

---

# Section 3: Guidance

## Visual guidance

Notes

---

---

---

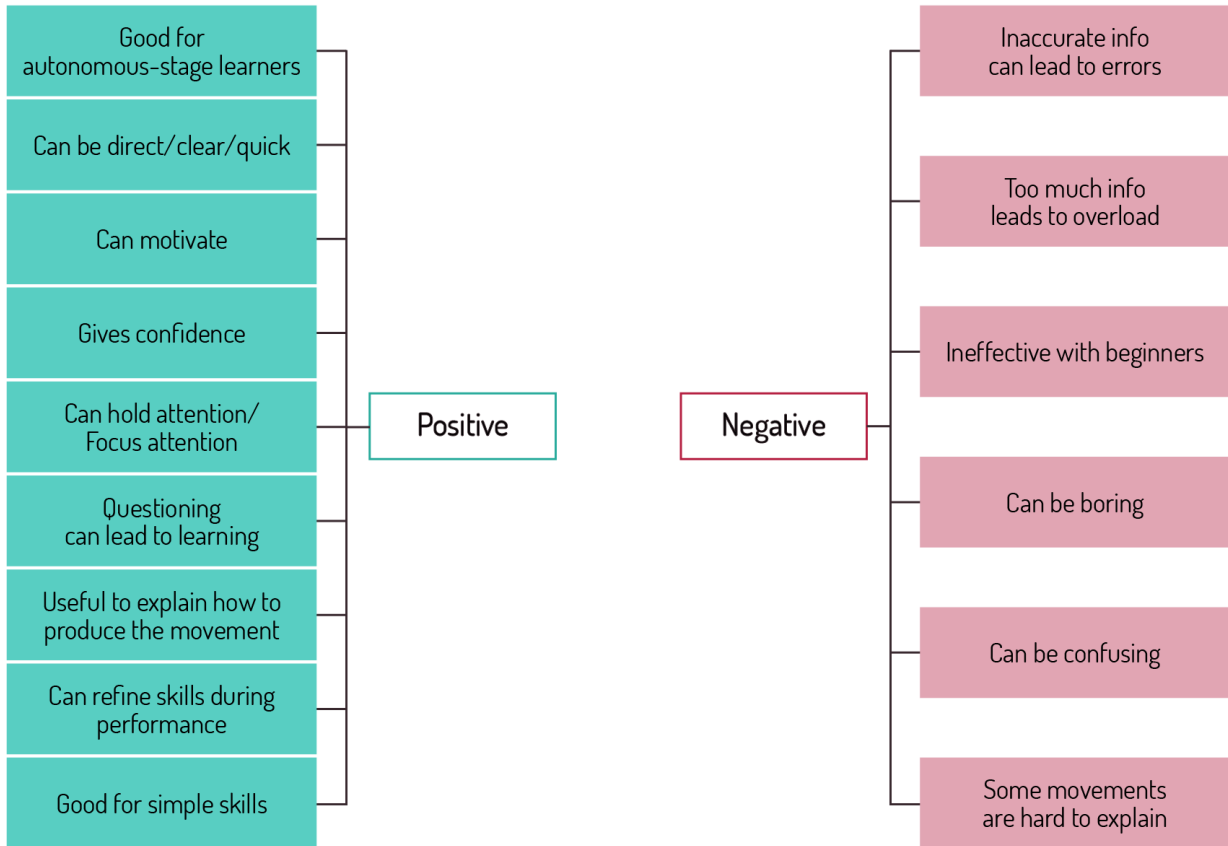

---

---

---

---

# Verbal guidance

Notes

---

---

---

---

---

# Manual guidance

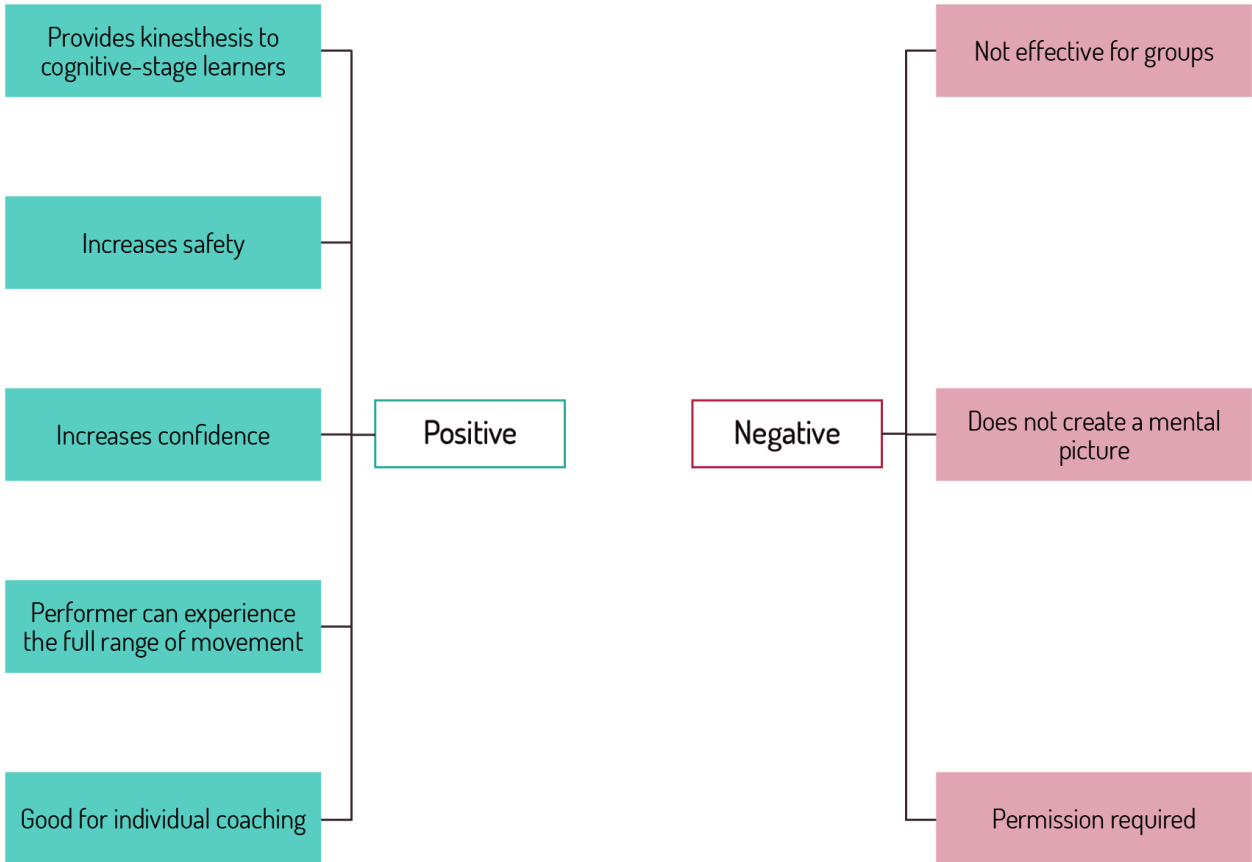

Coach physically aids the performance

Physically manipulates

Spotting in gymnastics

Handholds in trampolining

Notes

---

---

---

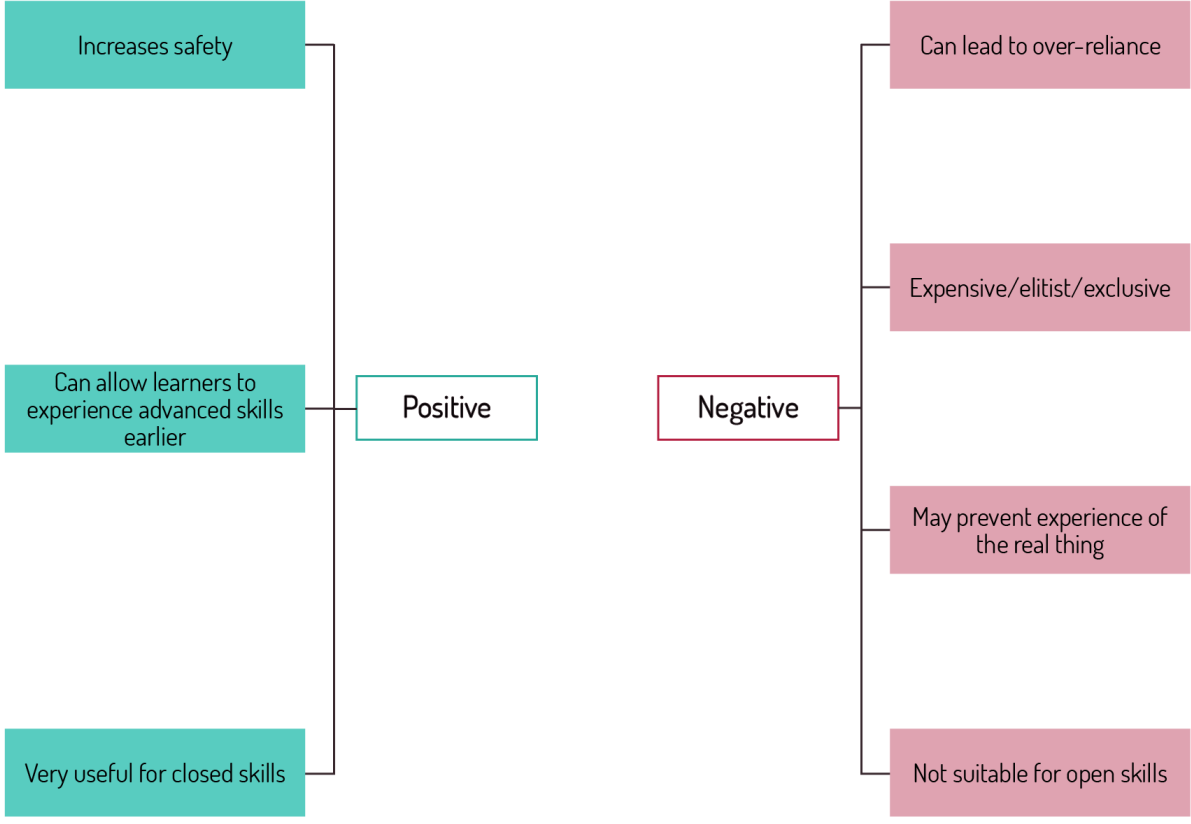

---

---

# Mechanical guidance

Notes

---

---

---

---

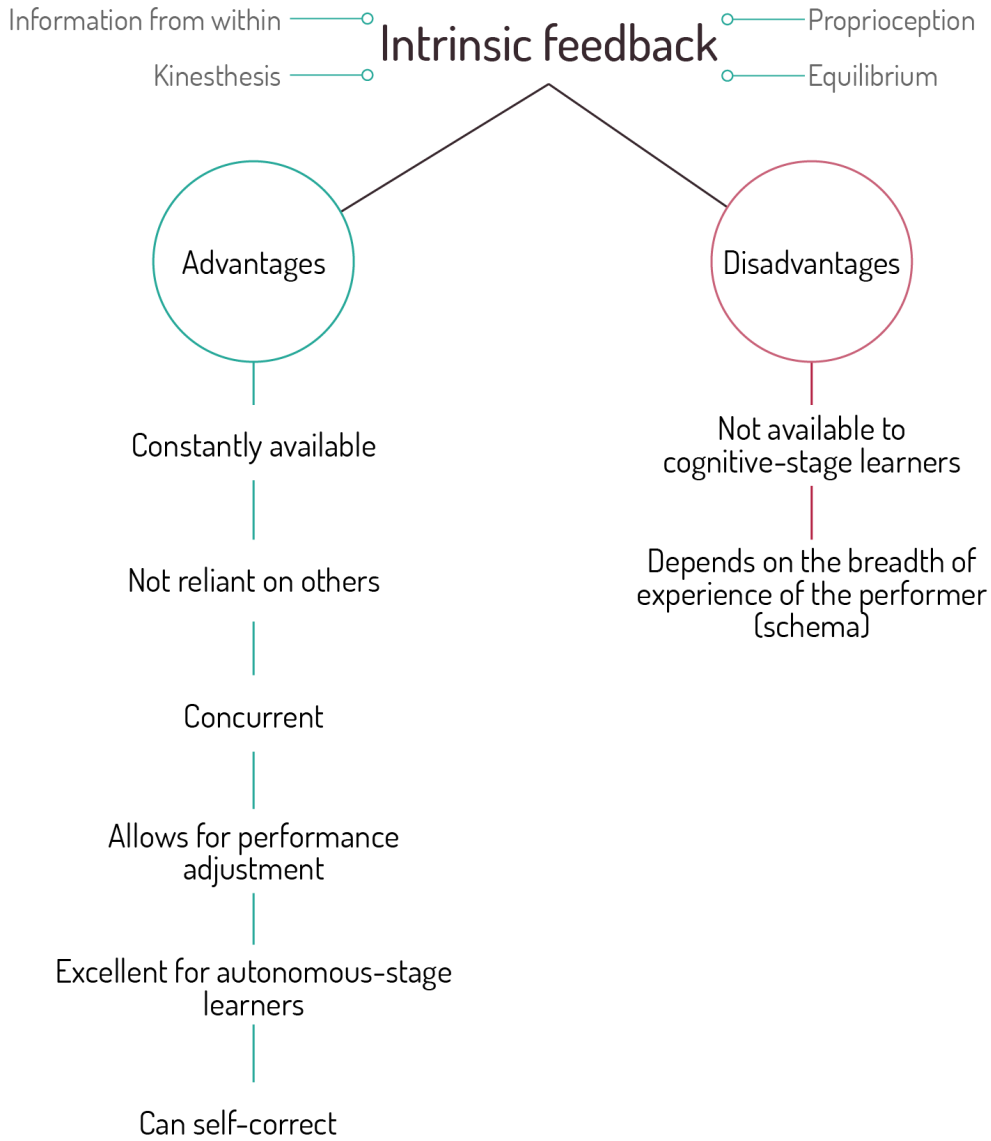

---

---

# Section 4: Feedback

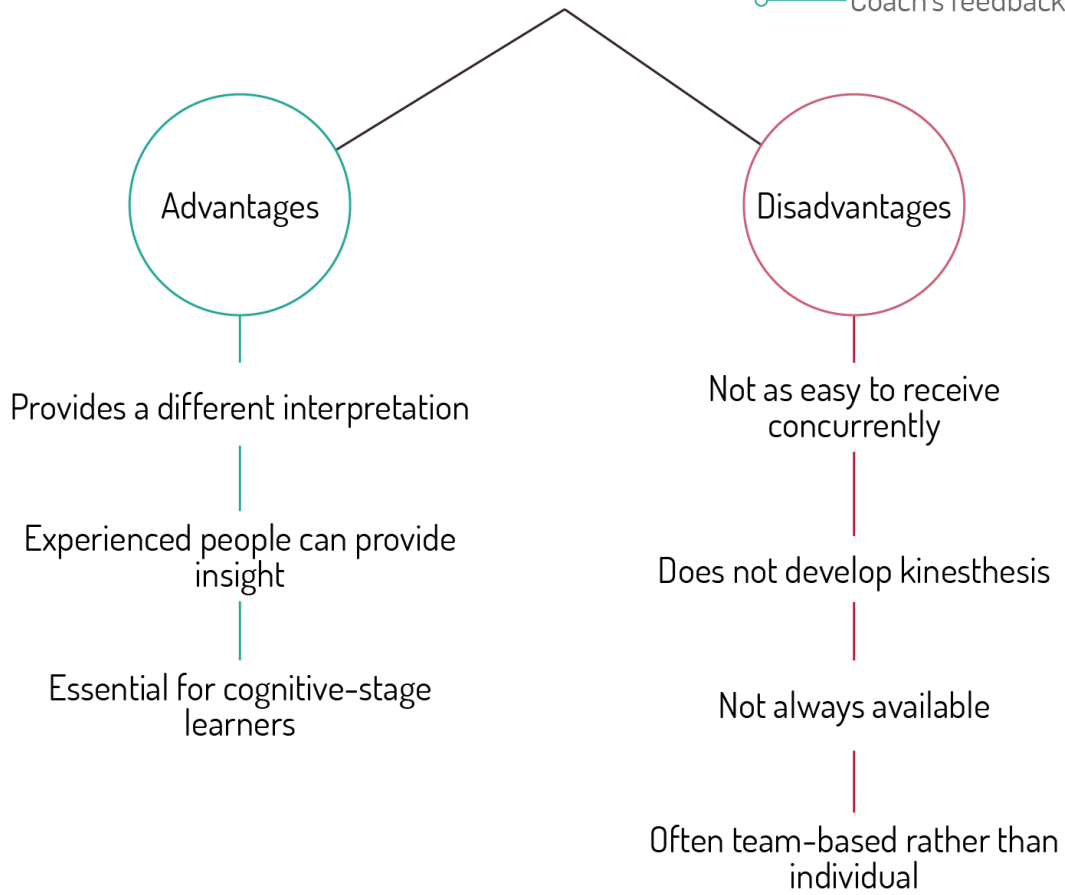

Notes

---

---

---

Information from others —○ Extrinsic feedback ○ Information from the external environment  
○ Coach's feedback

Notes

---

---

---

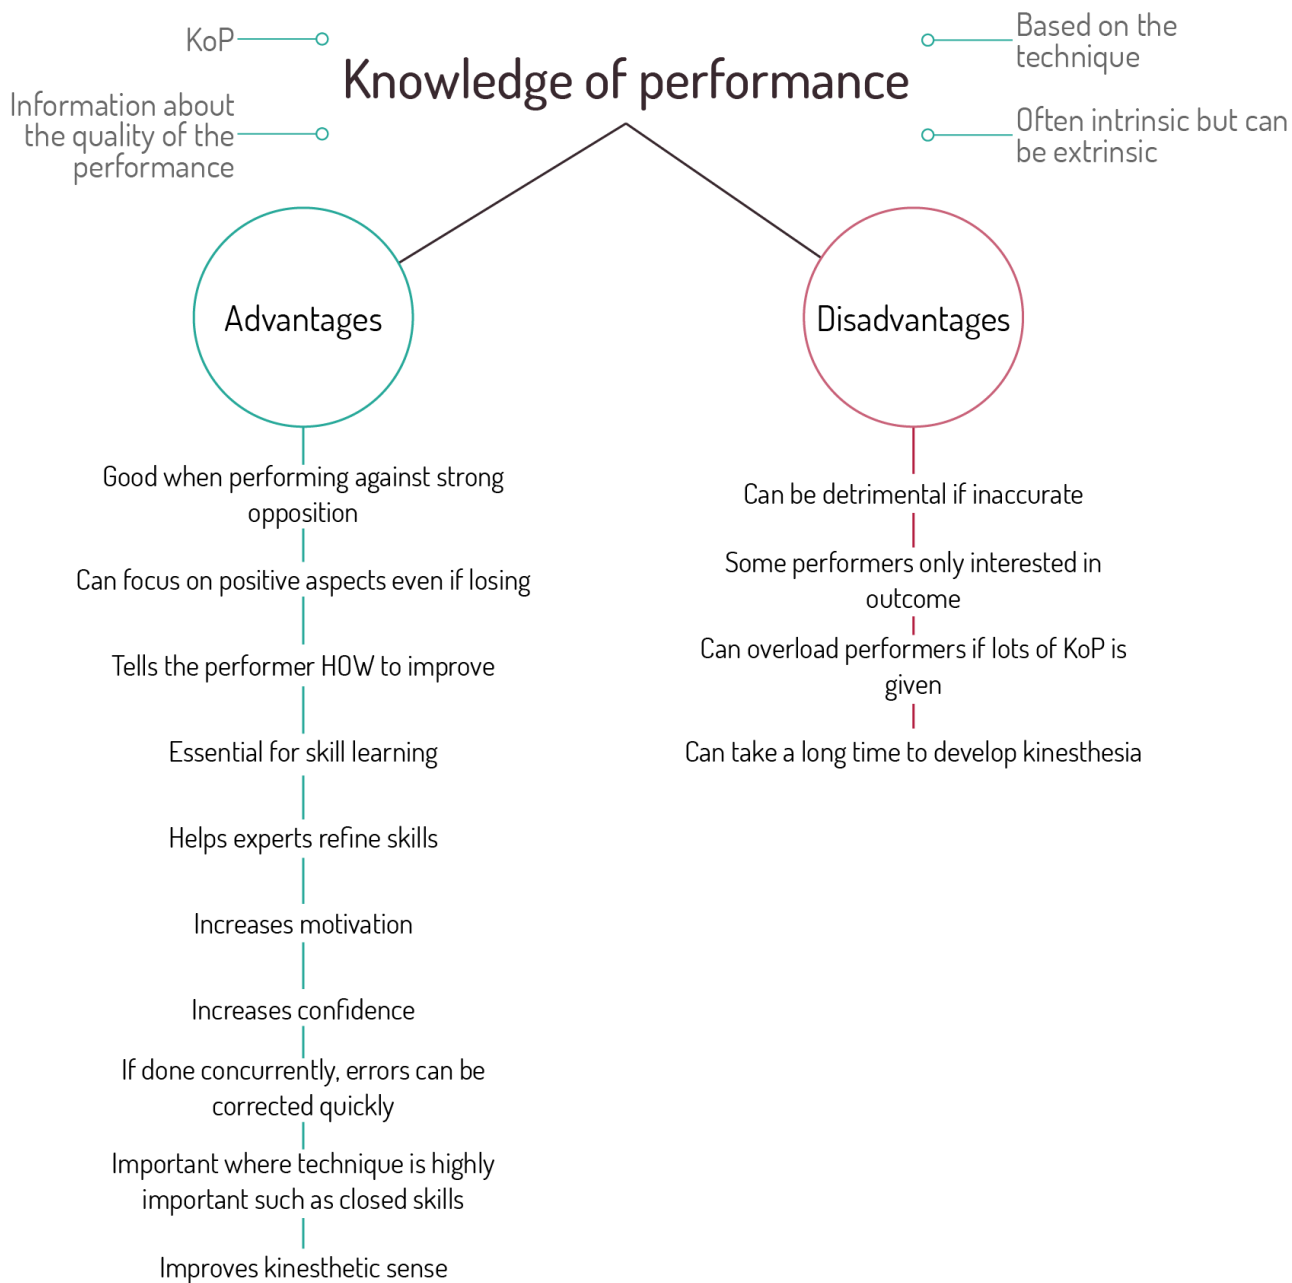

---

---

---

---

---

Notes

---

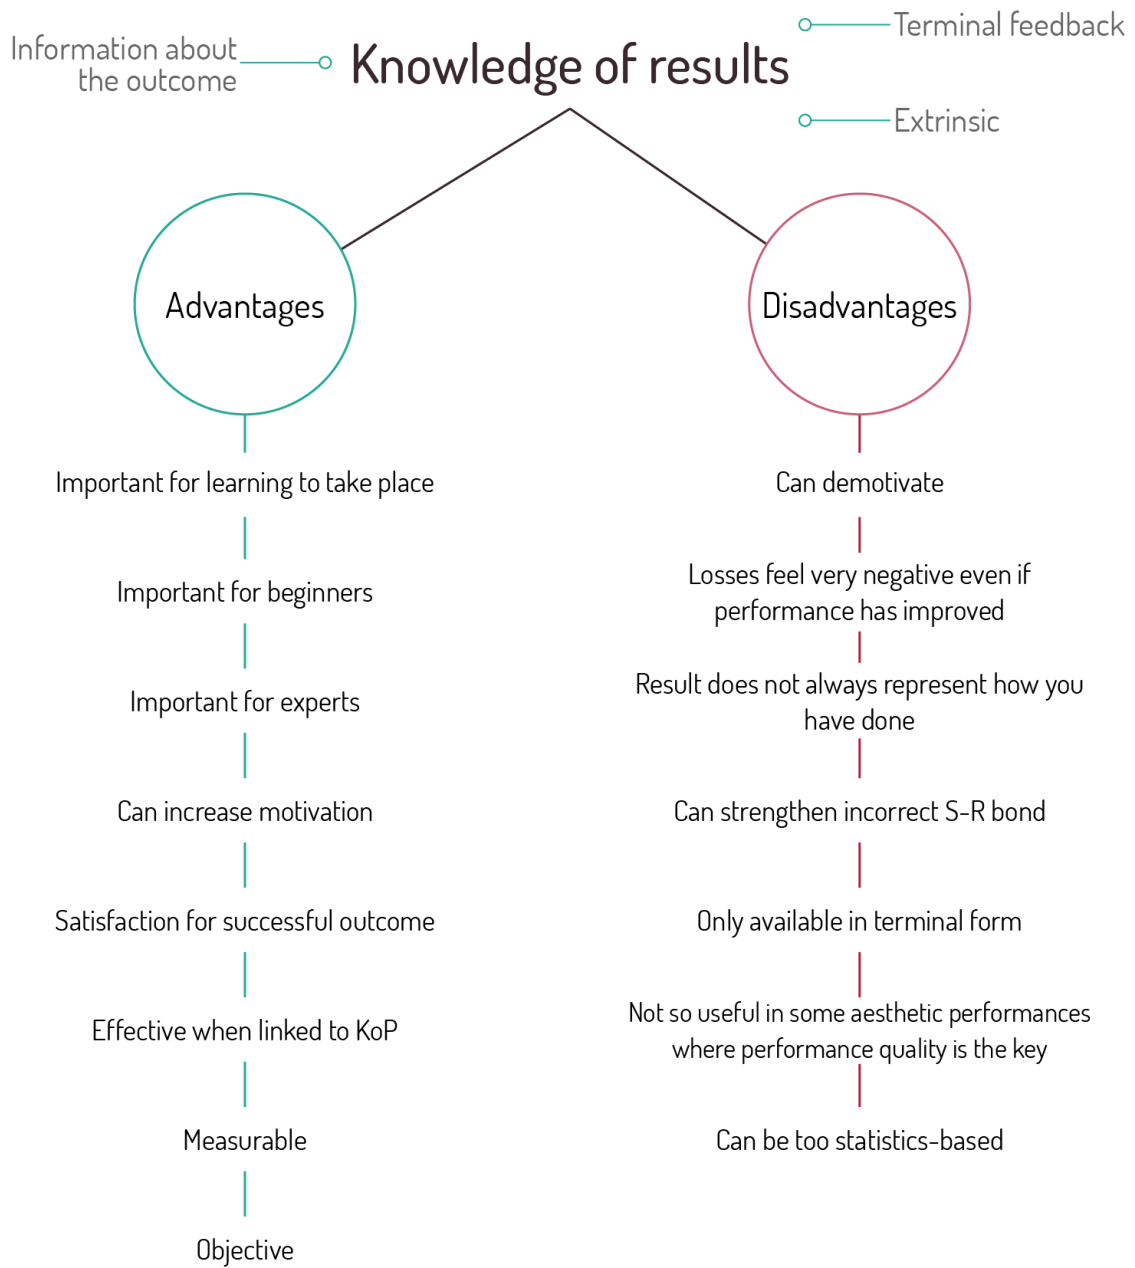

---

---

---

Notes

---

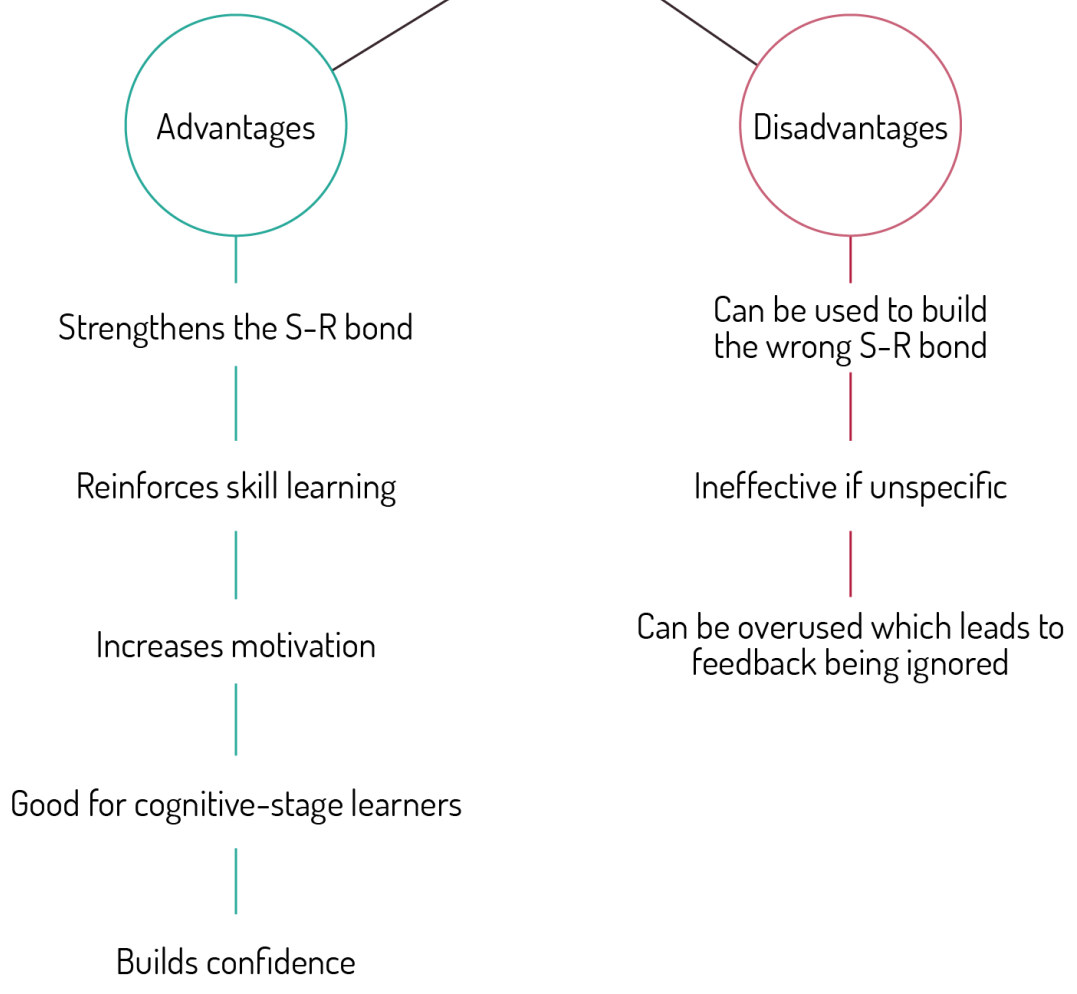

---

---

# Positive feedback

- Information about a successful outcome
- Can be intrinsic or extrinsic

Notes

---

---

---

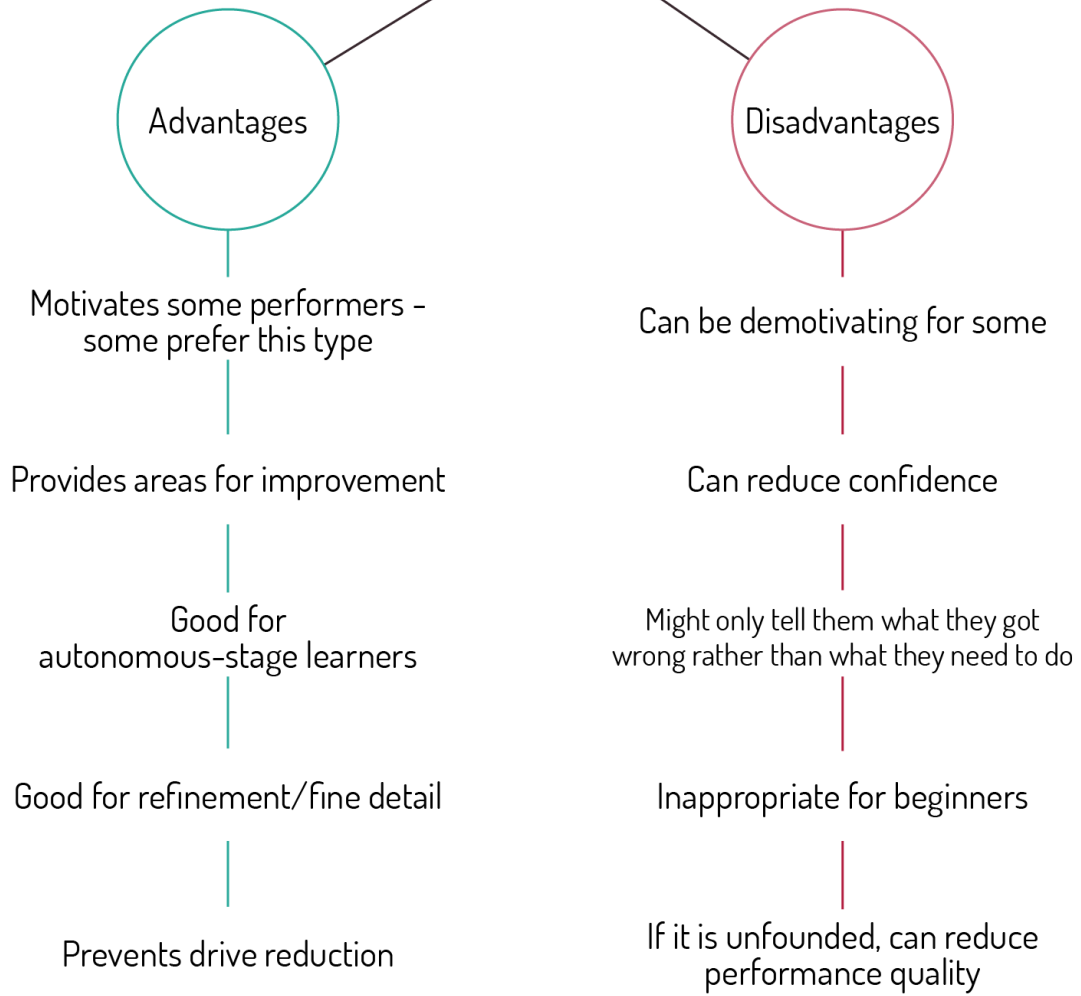

---

---

---

# Negative feedback

- Information about an unsuccessful performance
- Can be intrinsic or extrinsic

Notes

---

---

---

---

---

# Section 5: Memory models

## Multi-store Memory Model

Notes

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

Craik and Lockhart's levels of processing

Notes

---

---

---

---

---

---

---

---

---

---

---

# Section 6: Personality

- What makes a person unique
- Characteristics/traits that influence behaviour
- Characteristics that produce consistent patterns of behaviour

Notes

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

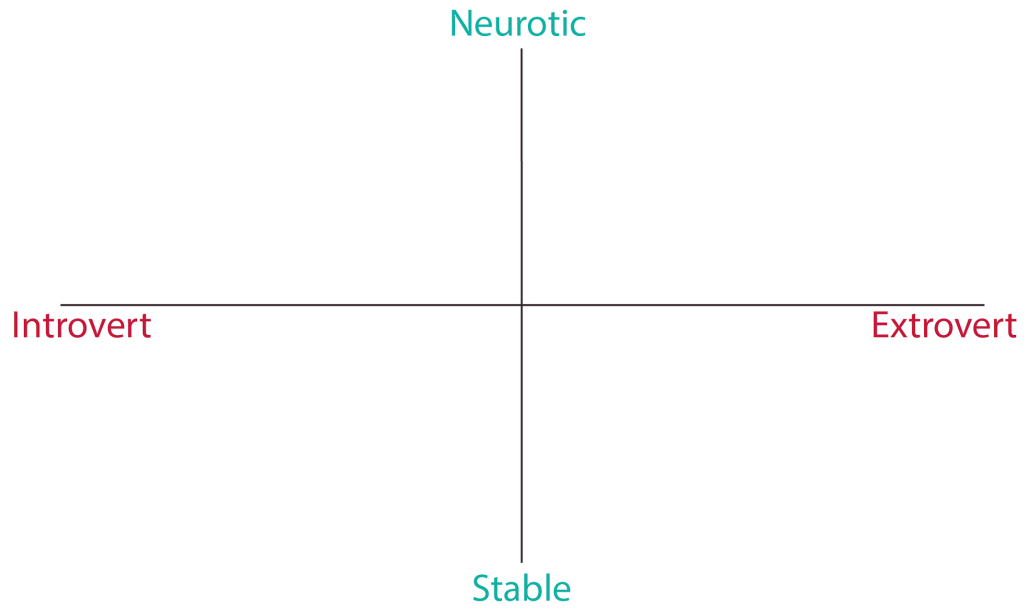

---

---

---

---

# Eysenck and Cattell

Notes

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

## Narrow band approach

Type A	Type B
Impatience	Relaxed/patient
Intolerance	Tolerant
High levels of stress	Low personal stress

Notes

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

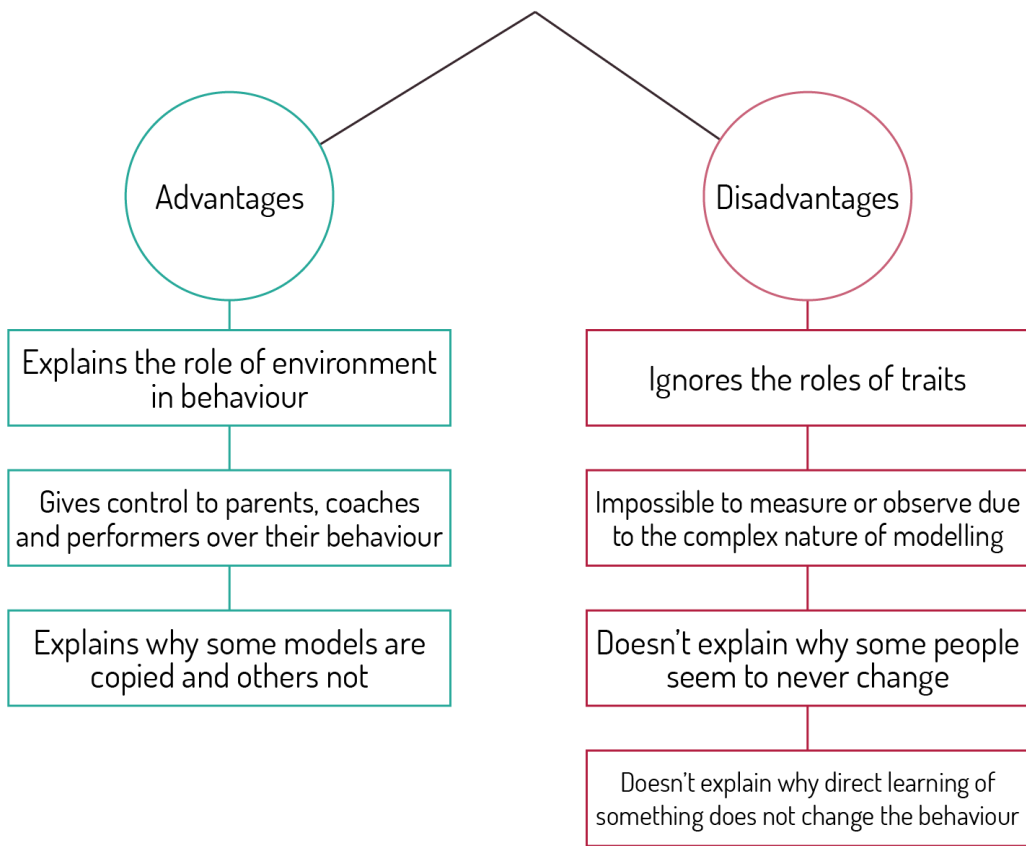

---

---

---

# Social learning theory

- Bandura
- Personality is the sum of an individual's experience
- Behaviours learned through modelling
- Learning from significant others
- Leadership, aggression, etc. are learned
- B=fE

Notes

---

---

---

---

# Interactionist Approach

$$B = f(P \times E)$$

Notes

---

---

---

---

---

---

---

---

---

---

Notes

---

---

---

---

---

---

---

---

---

---

## Section 7: Motivation

### Intrinsic motivation

- Internal drive to participate
- Wanting to take part for enjoyment/fun
- Internal mechanisms which arouse and direct behaviour

### Extrinsic motivation

- External drive to participate
- Taking part for rewards/money/recognition

Notes

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

## Intrinsic motivation

Uses	Effects
<ul style="list-style-type: none"><li>● Make learning and movement experiences enjoyable</li><li>● Explain (cognitive) the value of what is being done</li><li>● Be cautious to overly reward/incentivise behaviour as this will encourage a lack of intrinsic value</li><li>● Recognise and reinforce intrinsic motivation including fun</li></ul>	<ul style="list-style-type: none"><li>● Perseverance</li><li>● Persistence</li><li>● Positive attitude</li><li>● Positive effect on others</li><li>● Lifetime participation</li></ul>

Notes

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

# Extrinsic motivation

Uses	Effects
<ul style="list-style-type: none"><li>● Goal setting with rewards</li><li>● Badges, points, trophies</li></ul>	<ul style="list-style-type: none"><li>● Increases drive towards a goal</li><li>● Increases confidence once achieved</li><li>● Provides status</li><li>● Often overused</li><li>● If overused, can diminish intrinsic motivation</li></ul>

Notes

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

# Section 8: Group and team dynamics

## Group

Collection of people who share similar goals and interact with one another.

Notes

---

---

---

---

## Tuckman's Model

Notes

---

---

---

## Steiner's Model

$$\text{Actual Productivity} = \text{Potential Productivity} - \text{Losses due to faulty processes}$$

Notes

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

# Section 9: Attribution theory

**Attribution theory:** The reasons performers give for their **perceived** success and/or failure.

## Weiner's Model
