Skills preparation

- [ ] I am fully aware of the most common command words in the Edexcel GCSE PE Paper 2 exam.
- [ ] I have OVER-PRACTISED 'Explain', 'Identify'/'State'/'Give'/' Complete' and 'Evaluate' through the National Mock Exam, ExamSimulator and past-paper questions.

'Explain' skill language	'Identify'/'State'/'Give'/'Complete' skill language	'Evaluate' skill language

- [ ] I am fully aware that 4-mark questions accumulate the most marks in the Edexcel GCSE PE Paper 2 exam.
- [ ] I have OVER-PRACTISED 4-mark questions for the Edexcel GCSE PE Paper 2 exam from both ExamSimulator and the exam board.
- [ ] I know that the 9-mark question will have an EVALUATE question on Sport psychology or Health, fitness and well-being and I have OVER-PRACTISED this.
- [ ] I have practised all National Mock Exam, ExamSimulator and past paper examples of extended-writing pieces.

Practical examples (AO2)

Being able to make AO2 applications to movement and performance examples is a critical feature of success in this paper. 24 marks come from AO2 on average and you need to be able to make good quality examples to achieve these marks.
We recommend the EIO method. This means that you:

1. Give your Example.   2. State the Impact of the concept.   3. State the Outcome that it produces.

What **not** to do...	What to do...
Passing in football is an open skill.	Passing in football is an open skill due to the environment around the player such as the position of teammates and opponents always being unique. The impact of this is the player must make a pass at a specific angle, height and pace to suit that situation.
An example of when manual guidance would be used is when a table tennis coach moves a player.	Write your example here.
